

There's no card store
in Kabul or Baghdad.

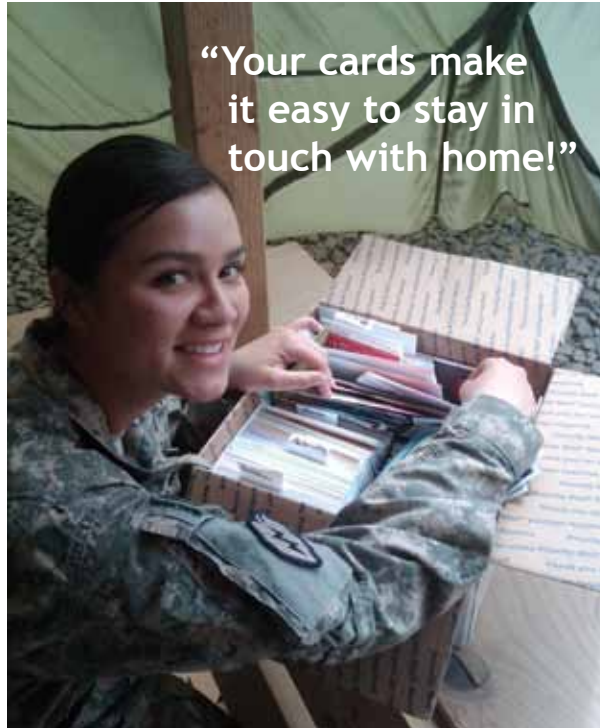

But on the homefront,
we can help.

Operation Write Home® has sent over *one million* handmade greeting cards to deployed service members around the world. "Emails are a great way to stay in touch, but a handwritten card is so much more meaningful," says one Airman serving in Afghanistan. "The cards were a hit and they were all gone within days!"

Join us in our efforts to keep our armed services in touch with home. Make a card, write a letter, or donate to support our work!

OUR MISSION: Supporting our nation's armed forces by sending blank handmade greeting cards to write home on, as well as cards of gratitude to encourage them.

"Your cards make
it easy to stay in
touch with home!"
